before known. The public are aware that our Govern-ment has had scientific men experimenting; and that it warst, and to licular, and or crack when frosty, and after one or two years become crum bly, and worthless; wherean, the inventor of the Galvanic Coment, has labored twinty pears to combine articles to obvisite those difficulties, and can testify from his long experience, and numerous testimonials from reliable persons, who have had his combination applied to their buildings, that his Coment is the cheapest a dest article ever before known. The combination of this Gement is such, that it is calculated for entire new roofs, flat or steep; covering over old shingles without removing them; lining cave troughs, seeming around battlements, chimneys and sky lights. Covering car tops, stemmer decks, &c. This Coment, by its non-conduction and galvinism, prevents metal roofs from rinstduction and galvinism, prevents metal roofs from rist-ing and underschlering, and resists the extremes of heat and cold, better than snything ever invested, for entire roofs or for covering metal and the out-side of wood and only, better than snything ever involved, for entire roofs or for covering metal and the out-side of wood buildings, making them fire proof. Its appearance is like state; beautiful for the rich paises or the humble cottage. The undersigned having secured the right to the State of Tennessee, will sell rights of Territors, by Counties or
